WELCOME FROM THE TRANSPORTATION ALLIANCE PRESIDENT JUDITH POTTER

Thank you for being here, and welcome to Mobilize 2022!

We have a fantastic slate of topics addressing the most essential needs of our members. I hope that the sessions will answer your pressing questions - but remember - you have over 300 fellow TTA members here with you at the convention. Keep meeting people and asking questions of them. Someone has likely handled a situation such as yours and can offer the insight you need.

For this convention, we had three committees that were extremely active in selecting session topics and recruiting speakers. Those committees were the NETM & Paratransit, the On Demand & Taxi, and the Young Transportation Professionals. Additionally, all of the breakout sessions have a moderator, and the moderators were responsible for organizing their panels to provide key information without much overlap. And, of course, we have the speakers who organized their presentations and many also developed PowerPoint to enhance their presentations. They did all this for your benefit. When you see a speaker, thank them for their effort to make this a great convention for you.

You certainly should check-out one of the committee meetings (open to all convention registrants) on Monday morning as you will gain a better understanding of the workings of the committees. While attending, think about getting involved by volunteering to join a committee!

I've really enjoyed my year as President of the TTA. Be sure to attend the opening general session to hear my presentation on the accomplishments made this past year. Slowly but surely, we are recovering from the economic downturn caused by the pandemic, and I see a better road ahead.

Jeb Corey will be elected president on Tuesday morning. He will outline his vision for TTA. He will also announce some important association updates that you'll want to hear. I'm told he even has a guest speaker or two, so don't miss his speech at the second general session!

Our third general session held Tuesday afternoon will feature three solo presentations by up and coming stars Kelly Milan speaking on Key Performance Indicators, Dan Reid addressing Microtransit Opportunities and Past President Bill Scalzi reviewing his company's new and successful Driver Recruitment & Retention program. This may be our best closing general session ever.

Throughout the day on Monday and Tuesday, you have 12 Learning Labs to choose from on all types of issues. If you have operational, technological, Legal, or the need to control costs, these are the sessions for you. This convention program provides a brief description for each session. Review the session summary and attend the ones offering you the information you need.

We say this every year...but it's true. Our exhibitors are the lifeblood of this convention. For the first time since the pandemic, we have a sold-out expo hall. Take advantage of the key industry vendors all being here just to speak with you. You'll see many vendors familiar from past conventions who have brought their updated products and service to show you. We also have quite a few new faces with new products and services. Talk to them all! Even if you are not currently in the market for what they offer, it is good information for you to have. You never know how soon you might need their product/service.

Especially thank our sponsors for their support of your convention. They are Gold Sponsor AutoCab, Silver Sponsor Paratransit Insurance Company, and Bronze Sponsors Kinetek and The Black Car Fund. Their extra support helped make this an extra special industry event.

I appreciate your support over the past year and I encourage you to stay involved with TTA to the maximum extent possible. We're here to serve you and your organization.

Best regards,
Judith M. Potter
President

IMPORTANT NOTICES

Name Badges

Each person entering the Mobilize 2022 Expo Hall at Caesars Palace or attending any TTA meeting or optional event MUST display their TTA name badge. Security guards have been instructed to turn away those who do not display a name badge. There will be no exceptions made to this rule.

Each registrant must pick up his or her own name badge and no one else's. The only exception is a registrant may pick up the name badge of his or her spouse and child(ren).

Exhibitor, Sponsor, Board Member and other designations are clearly noted on each badge.

Registration Desk

If you have any questions during the week, please stop by the TTA Registration Desk located beside the entrance to the Expo Hall.

Trade Show & Meetings Rooms

Meeting rooms as well as the Expo Hall are located in the Julius Ballroom, Palace Tower conference center of Caesars Palace. TTA branded signs will direct you from the Promenade Level of the Palace Tower. All meeting rooms can be found adjacent to the Expo Hall in the Julius Ballroom.

Ticketed Events

If you pre-registered for the Closing Reception to benefit the TLPF, you will have a sticker of a cocktail glass on your badge. Please wear your badge to the reception.

If you did not pre-register, use the on-site registration form available at the TTA Registration counter to order tickets. We will do our best to accommodate you.

Tickets for the poolside Closing Reception to benefit the TLPF are \$100 per person.

Complimentary Internet

Caesars Palace has Wifi available to all attendees in the meeting space. Please note that the bandwidth for this complimentary service is not sufficient for streaming or sharing large files. We ask you to please limit your use of the WiFi in the meeting space to just basic functions so there is enough bandwidth for all to share. Find "Caesars_Resorts WiFi" in your device settings and follow the prompts.

Solicitation Notice To All

The support of our exhibitors at the Mobilize 2022 Annual Convention & Expo makes it possible for The Transportation Alliance to hold this first class convention with an operator member registration fee below the actual cost. We encourage all industry vendors to exhibit, and we encourage all operators to only conduct business (while at the convention) with exhibiting vendors. Exhibiting vendor badges feature a red banner with the word "Exhibitor."

Vendors who choose not to exhibit (whether they are registered to attend or not) are prohibited from soliciting any of our convention registrants during the convention this week. Unfortunately sometimes non-exhibiting vendors do make an effort to capitalize on the convention by one-on-one soliciting and by inviting our attendees to private meetings and hospitalities. Please support your convention by ignoring these prohibited solicitations and notifying The Transportation Alliance of the solicitation.

The Transportation Alliance encourages all operators to visit each booth and vehicle display and thank the exhibitors for their support. They are the legitimate vendors with whom you want to conduct business this week.

Thank you!

The experts in the transportation business are here and willing to share their knowledge with you! Introduce yourself and ask your questions. Look for Networking Opportunities in the agenda marked with a star.
